Add/Update Page Excessively Extends Description Line	**Navigation: NavBar > Menu > Purchasing > Purchase Orders > Add/Update Pos** Prior to Release 5.82 an issue existed where the Description line on the Add/Update PO page would extend excessively to the right, pushing all additional PO information off the main screen. After Release 5.82, the Box Properties will be updated to wrap long words under the Use tab.
Copy/Paste Comments Causes Character Issue on Printed PO	**Navigations: NavBar > Menu > Purchasing > Purchase Orders > Add/Update Pos** Prior to Release 5.82, when users tried to copy/paste comments with apostrophes and quotations into all Comments sections on the Add/Update PO page, the system would modify these characters to upside-down question marks. A section of the PeopleCode was modified to prevent this from happening in the future.
